

2016/2017 SUPPLY LIST

Chalo School is excited to announce the advent of a school supply program for all its students, Pre School 3 through Grade 12. The intent of the program is pass the savings on to parents by buying in bulk, ensuring teachers have the appropriate supplies required for their classrooms, and to ensure that no child is left behind on the first day of school.

We are still crunching the numbers, but anticipate the cost per child should be no more than \$30 for most grades.
