## Cell Phone Policy Statement

# CELL PHONE POLICY STATEMENT - 5060

The Community Education Authority believes that at no time will the use of any personal electronic devices invade or infringe upon the personal privacy or safety of any student or employee.

Cellular phones or other communication electronic devices must be turned off or silenced during class or instructional time unless approved by the classroom teacher.

As text messaging can interfere with student and employee productivity and can be distracting to others, text messaging is to be limited to circumstances demanding immediate attention.
